

[Finding your Class Connect classes](#)

Dear High School Student,

Please watch this [video message](#) to learn how to access your Class Connects. Remember it is important for you to log into the LMS every day to show you are attending school. Best practice is to log into the LMS right first thing then go to your class connects from your course page.

If you have further questions, please contact your homeroom teacher.

Thanks for being a great UTVA student!
